

# WEEE Inter-School Recycling Competition 2025-2026

## Competition Overview

The **WEEE Inter-School Recycling Competition 2025–2026** is organized by the Hong Kong WEEE Education Association, with full support from the Environmental Protection Department, the “We-recycle@School” programme and Hong Kong Education City. The competition is also supported by AiTLE, HK01 Education, Lions Club of Hong Kong Mai Po, and various industry partners. It aims to promote environment-friendly recycling practices among teachers, students, and parents across Hong Kong, encourage the reuse of electronic products in schools, and foster awareness of sustainable development.

Schools are encouraged to collect “major computer products,” including tablets, desktop computers, laptop computers, LCD monitors, printers, and scanners. Schools are also encouraged to recycle other electronic accessories and lithium batteries to promote comprehensive environmental education. Through joint efforts among different partners, the initiative strives to engage the school community in contributing to carbon reduction, energy conservation, and a more sustainable future for Hong Kong.

## Participation Guidelines

- From **NOW until 3 July 2026** (all recycling records up to 3 July 2026 will be counted), participating schools that have accumulated at least 5 “**major computer products**”\* for recycling may use the link below to complete the online form, providing school information and the contact person’s phone number and email address to schedule an on-campus collection.  
For enquiries, please contact our recycling hotline at 9474 3310 by phone or WhatsApp during office hours (Monday to Friday, 10:00 a.m. to 6:00 p.m.) and indicate your participation in the “WEEE Inter-School Recycling Competition”. A designated staff member will follow up with you.
- During collection, the quantity of eligible products will be verified, and a collection certificate will be issued to the school as an official competition record.
- Schools may request our **on-campus collection services** multiple times during the period (a minimum of 5 “major computer products” is required for each collection). After the deadline, the total number of eligible major computer products collected by each school will be calculated and summed up as the final result.

- The assessment will be based primarily on the total quantity of “major computer products” recycled by each school, while other electronic equipment will not be counted towards the scoring.

*(\*Reminder: Other computer accessories, electronic products and lithium batteries can be recycled together, but they will not be counted for scoring purposes.)*

## On-Campus Collection Arrangements

On the scheduled collection day, the Vannex International Limited (Vannex) team will handle the process. After counting the collected items (major computer products), Vannex will issue a receipt to the school immediately for record purposes. HKWEA will also send the school a confirmation email within 2 working days after the collection for verification.

## Awards

The awards are divided into two groups: **Primary School Group** and **Secondary School Group**. The main scoring mechanism is based on the quantity of "**Major Computer Products**" recycled by the school. Other electronic equipment will **not** be included in the scoring.

Award	Criteria (Quantity of Primary Computer Products Recycled)
<b>Evergreen Champion</b>	Highest Recycling Volume
<b>Sustainability Achiever Award</b>	80 items or more
<b>Eco-Warrior Award</b>	50–79 items
<b>Green Steward Award</b>	20–49 items
<b>Eco-Impact Recognition</b> (E-Certificate for all participating schools)	N/A

## Recyclable Items and Scoring Eligibility

- Products Eligible for Recycling and Scoring
  - **Major Computer Products** (including Tablet PCs, Desktop Computers, Laptop Computers, LCD Monitors, Printers, and Document Scanners).
- Other Recyclable Electronic Equipment (**NOT Included in Scoring**)
  - **Computer Accessories**, e.g., Keyboards, External Storage Devices, Computer Mouse, Headphones, Speakers, etc.
  - **Electronic or Communication Products**, e.g., Fax Machines, Mobile Phones, Home Phones, Pagers, Walkie-talkies, Hubs, Switches, and Routers, etc.
  - **Lithium Batteries**

## Awards Presentation

Date: 22 August 2026 (Tentative)

Time: TBC (*further information to be announced and email to participated schools*)

Venue: Hall 1, Hong Kong Convention and Exhibition Centre (in the Hong Kong Computer & Communications Festival)

**Registration Link:** <https://forms.gle/PLoCa1raSQp8a2dN6>

## Terms and Conditions

- All personal data provided by participating schools and students will be used solely by the Hong Kong WEEE Education Association (the “Organizer”) for handling matters related to the competition and for statistical purposes by the Environmental Protection Department.
- Participating schools and students must not engage in any cheating or breach any competition rules. In case of any violation, the participants concerned will be disqualified.
- All judging results are subject to the final decision of the Organizer. In case of any dispute, the Organizer reserves the right of final decision.
- Prizes awarded in this competition are not refundable, transferable, or redeemable for cash, other goods, or services, and are subject to the relevant terms and conditions of the suppliers. The Organizer accepts no responsibility for such terms or for the quality of the prizes. In the event of loss or theft of any prize after it has been collected by the winner, the Organizer will not provide any compensation.
- The Organizer reserves the right to use photos or videos taken during the event for related promotional purposes.
- The Organizer reserves all final rights in relation to the competition, including the interpretation, amendment, cancellation, or suspension of the terms and conditions, prizes, and other arrangements of the event, without prior notice.
- Once a participating school submits data and related information for the competition, it is deemed to have accepted the above terms and conditions. If the Organizer believes that any act is in breach of these terms and conditions, it reserves the right to disqualify the school from participating and receiving any awards at any time. No appeal will be entertained for this competition.

## WEEE Inter-School Recycling Competition

Shape a Greener Future: WEEE Recycling 2025-2026 **Enroll NOW!**

**Activity Period:** From now until July 3, 2026

### How to Participate?

- Participating schools that have accumulated **5 or more "major computer products"**\* for recycling may scan the event QR code or contact our recycling hotline at **9474 3310**. Schools should then complete the form with the required information, to schedule an on-campus collection for the relevant computer products.
- During collection, the quantity of eligible products will be verified, and a collection certificate will be issued to the school as an official record.
- The assessment will be based primarily on the total quantity of "major computer products" recycled by each school, while other electronic equipment will not be counted towards the scoring.

(Note: Other computer accessories, electronic products and lithium batteries can still be recycled together.)

**Please refer to the webpage for more details.**

### Awards Ceremony

All participants will be invited to the Awards Ceremony in the Hong Kong Computer & Communications Festival 2026.

Date: 22 August 2026 (tentative)

### Awards (Primary & Secondary Section)

- Evergreen Champion (Highest Recycling Volume)
- Sustainability Achiever Award (80 items or more)
- Eco-Warrior Award (50-79 items)
- Green Steward Award (20-49 items)
- Eco-Impact Recognition (Participation Certificate)

### Recyclable & Eligible Items

- Major Computer Products (including Tablet PCs, Desktop Computers, Laptop Computers, LCD Monitors, Printers, and Document Scanners)

Data stored will be processed by data wiping (hard drive erasure), degaussing, or hard drive shredding.

(We cooperate with the recycling factory, an operator recognised by the EPD which holds the relevant waste treatment licences.)
